Article V Decision Making Procedure (Refer to Concept 6 and 7 in The Twelve Concepts pg. 13 thru 16)

In an attempt to have the fullest discussions and most inclusive decisions our area has incorporated consensus based decision-making approach. GCASCNA recognizes that there are two different categories of matters that may be brought to the floor in the form of proposals. Most issues have a direct or indirect bearing on the individual groups of the area, which the ASC is here to serve. However, certain issues are related only to the specific business of the committee meeting or its participants,(such as ASC meeting time, location, ect...) Topics brought to the area meeting will be resolved by the body after discussing the proposal on the floor. After discussing the issue, the original proposal may be altered to include elements of the discussion, allowing the area to come to a unified decision. If the body cannot reach consensus, voting may be required, at which time decision- making participants become voting participants

Section 1.0 Participants

- a. Any ASC discussion participant may make or second a proposal related to issues relating only to the specific business of the committee meeting.
- b. Only a GSR, alternate GSR or a group's designated representative may make or second proposals that have a direct or indirect bearing on the groups.
- c. If it is not readily clear whether or not an item falls in one category or another, the chairperson will decide. If anyone in the body disagrees, that person may ask for a vote of the entire participant body. In this case, the issue must be resolved with a 2/3rd vote.

Section 2.0 Decision Making

Upon a matter being brought to the floor decision-making will proceed as follows:
Fifteen minutes of discussion, 3 minutes maximum per person, timer shall be used
If the group is unable to reach consensus, then the following will occur:

1. If the matter is intended for the groups:
 - a. The matter will be tabled to the next regularly scheduled meeting.
 - b. GSR's will take the matter back to their group for discussion at their home group meeting.
 - c. At the next regularly scheduled meeting, during old business, the matter will be discussed for ten more minutes. The goal is to reach a consensus that reflects the mindset of the area.
 - d. In the event that consensus is not reached, a two third paper ballot is required for a final decision
2. If the matter is intended for ASC only the following procedure will be followed:
3. Proposal or item is presented
4. Does item receive 100% approval or rejection? If 100% approval- proposal passes (go # 9), if 100% rejection- proposal fails (go to # 10), if item does not receive 100% in either, go to # 3.
5. The Chair asks the maker to fully express the intent and what is hoped to be accomplished with the idea. The Chair asks if the additional information has changed anyone's opinion. If anyone's opinion has changed, is there now 100% approval? If so item passes (go to #9). If no one's opinion has changed (or some opinions have changed, but the item does not receive 100% approval) the opposing individuals are asked to express their concerns and what it might take to reach a compromise (if any) Go to # 4
6. The maker is asked if the compromise (if any) is acceptable. If so, the GSR's are asked if there is any further discussion needed. If not, the chair asks if there is any opposition. If 100% approval item passes (go to #9), if not go to #5
7. If the originator cannot live with the compromise (or item did not receive 100% approval from # 4), the individual is asked to express concerns and what it might take to reach a compromise. If compromise is reached go to # If not, go to # 7.
8. Does item receive 100% approval? If yes item passes (go to # 9), if not go to #7.
9. If a compromise cannot be reached (or item does not receive 100% approval from #6), and 2 or less GSR's are opposed, the Chair asks if they are willing to concede (or stand aside) and allow the decision to move forward. If the opposition agrees to stand aside the item passes (got to # 9). If the opposition does not stand aside, or the item is opposed by more than 2 people, the item needs to be acted on by parliamentary procedure and called to a vote (go to # 8)

Article V Section 2.0 (continued)

10. Item is voted on using a paper ballot (after any discussion). If item receives 2/3^{rds}, or more, of the participating votes it passes (go to #9) if it receives less that 2/3^{rds} it fails (go to # 10)
